Occupational Therapist – Local School District

Description

The Hello Foundation is a progressive, fun-loving, student-focused company that provides high-quality service to students, districts, and families. **Unlike many other companies, we hire all of our OTs as employees with benefits and we give you the choice of which district to work for.**

School districts come to The Hello Foundation searching for an OT who can have a positive influence on their students and staff. We pride ourselves on [consistently providing what districts need, where and when they need it.](#)

[Our clinicians](#) have a few things in common: **they're dedicated to kids, they're flexible, they're always learning, and they're ridiculously adventurous.** If these describe you, then read on.

Responsibilities

You will perform all of the duties of a school-based OT. Responsibilities include, but are not limited to:

- Employing best practices in individual and group treatment
- Monitoring and evaluating student progress
- Tracking data for progress reports and treatment planning
- Completing all special education paperwork in a timely manner
- Attending IEP meetings
- Completing evaluations and writing reports
- Billing Medicaid when requested
- Collaborating and consulting with teachers and parents
- Working with volunteers and/or students

Expectations

- You will work 160 hours/month for full-time employees.
- You will travel up to one hour from your home to deliver services on-site.
- You will have a personal computer with teleconferencing capability.
- You will have consistent and reliable high-speed internet access
- You will be an active member of the Hello Foundation community, including attendance at events and regular participation in discussions via our intranet.

Skills

- You are flexible.
- You are open to new ideas and change.
- You are a problem solver.
